

VIKTOR KEE
FOUNDATION™

About Us

**WITH A CHARITY MISSION
AROUND THE GLOBE**

Viktor Kee Foundation, is a 501©(3) not-for-profit organization with a charity mission around the globe.

We are an ever-growing global community of committed, compassionate people who volunteer our energies to rid the world of poverty and anguish. We believe that performing arts not only can entertain, but also empower individuals and communities to rise above economic poverty, while improving the lives of everyone they touch.

Through myriad global projects, we are showing people a new path and creating an Open Circle of ambassadors around the world — visionaries who share our passion of bringing a social, educational, and artistic experience, as well as entrepreneurial spirit, to those who need it most. Our charitable work has helped empower individuals and foster hope in countless communities around the world.

Spearheading our efforts are volunteers of the Viktor Kee Foundation, none of whom are supported by funds generated by our projects.

We hope you'll join us in building a better world, share in our projects and programs, and be part of the change that millions are waiting for.

Festivals

Open Circle is our flagship project, an educational mission that focuses on bringing performing arts education to children and communities mired in economic injustice, often without the resources to develop their own performing arts programs.

We believe that by empowering children with creativity and the performing arts, we can help individuals and communities to rise above their economic hardships.

OPEN CIRCLE

AMBASSADOR
PROGRAM

Our Open Circle Ambassador program seeks to create a network of talented teachers who become coaches at circus schools in under-privileged communities worldwide, turning raw ability into polished performances and newfound confidence.

By providing resources, knowledge and organizational structure to Open Circle Ambassadors, we are creating an environment for teaching and preparing the young artists of tomorrow.

Juggling as an art form goes back as far as 4000 years and has been evolving ever since. With every generation comes a different focus to the realm of Object Manipulation. Yet when we share our joy for juggling with others, there appear to be certain principles that become constant or universal, transcending all generations. They can be known as the universal aesthetics of juggling.

Art of Juggling is an educational project in form of workshops designed to be a Master Class for jugglers looking to develop physical transitions between tricks, a more efficient practice structure, and a keener eye for trick analysis.

In addition, the class will explore character development and integration into juggling, giving students a rare opportunity to enter the world of juggling aesthetics, trick transitions and business management.

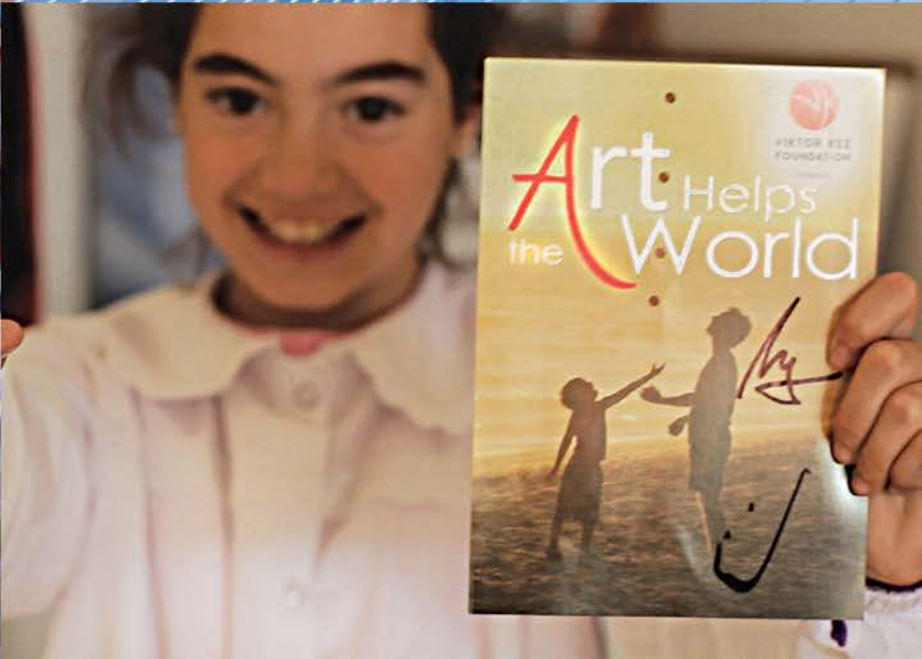

Juggling Therapy is our project that helps people enhance their health using juggling as an occupational therapy. A soothing and low impact activity, juggling has proven to be therapeutic for both mind and body. It develops core strength, flexibility and has aerobic benefits, as well as improving hand-eye coordination, reflexes and peripheral vision.

Recent studies have shown that juggling improves cerebral function, this includes areas of memory and vision. Moreover, juggling's rhythmic qualities offer an absorptive focus for the mind.

We've seen the miraculous difference that this age-old art can make in the lives of people with physical disabilities and visual impairment.

And with your support we can offer our innovative form of therapy to thousands more around the globe, enabling richer, fuller lives with every skill we teach.

Nearly half the world's population, including one billion children worldwide, lives in poverty. Yet according to the U.N, as little as one percent of the world's gross revenue could eradicate poverty as we know it.

Inspired by this idea, we created the My 1% program. The appeal is simple: We're asking people and companies to commit one percent of their yearly income to collectively support our charity missions around the world, delivering financial and educational assistance in communities affected by poverty.

Please join our mission and be a part of a growing collective of difference-makers. Think of it as an investment that in the long run will pay dividends for all of us.

My 1% helps the world. Will yours?

FUND RAISING EVENTS

As an art-driven organization we believe that art festivals, exhibitions, live entertainment and educational events not only serve the common good for communities, but also present an excellent opportunity to support our charity missions around the globe.

Creating, managing and producing fund raising events is a foremost priority of our foundation.

We are always looking to partner with farsighted organizations that share our goal of enlightenment, inspiration and positive change in communities worldwide.

The Viktor Kee Foundation is dedicated to using the arts as a source of inspiration and means of communication for the betterment of individuals, communities and society.

One effective way of putting our commitment into action is staging festivals. These events that combine fun with an important purpose are a wonderful means for individuals to be inspired by one another and take that momentum back to their communities.

Festivals bring people together to celebrate the arts, while providing a unique platform for corporate sponsors to make a positive impression for their brands.

The Viktor Kee Foundation invites your organization to capitalize on the joint opportunities for success that Festivals can provide.

VOLUNTEER

As a non-profit organization we understand that volunteers are the driving force in the success of our missions. The Viktor Kee Foundation urges you to donate your time, professional skill or knowledge and be a part of our charity missions around the world. You'll be joining like-minded volunteers who derive enormous satisfaction from helping to enrich lives.

We look forward to hearing from you to discuss opportunities for a mutually beneficial collaboration.

At the Viktor Kee Foundation
we know that
Art Helps the World.

Fine Art Boutique is a fund
raising project that empowers
artists of various media to
leverage their creativity to help
support our charitable mission.

Artists may choose to donate
part or all of the proceeds
generated by the sale of their
artwork, enabling them to
participate in all of our
missions around the world.

Art Helps the World

“Life is a gift, and it offers us the privilege, opportunity, and responsibility to give something back by becoming more.”

~ Anthony Robbins

“Giving is the highest expression of potency. In the very act of giving, I experience my strength, my wealth, my power. This experience of heightened vitality and potency fills me with joy. I experience myself as overflowing, spending, alive, hence as joyous. Giving is more joyous than receiving, not because it is a deprivation, but because in the act of giving lies the expression of my aliveness.”

~ Erich Fromm

“The best way to find yourself is to lose yourself in the service of others.”

~ Mahatma Gandhi

OUR TEAM

Thank you for exploring our projects and programs.
It is only through your caring, your support and your collaborative efforts that we will succeed.
Please consider becoming a part of the team in our global mission against poverty and tragedy.
We look forward to hearing from you.
